

## ONEkit - Dynamic Kit Building Solution

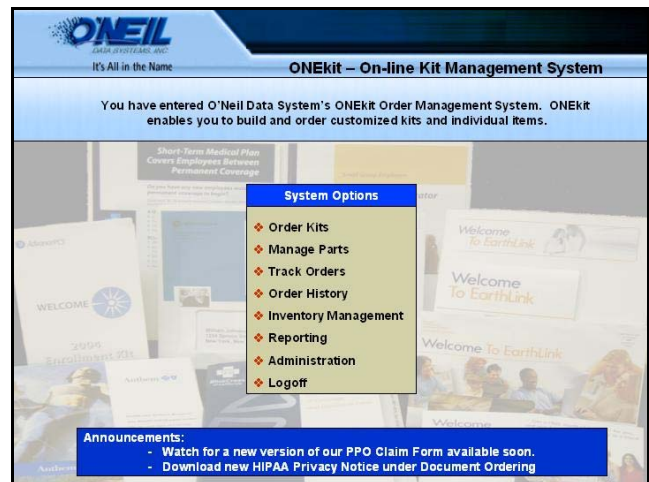

Streamline Kit assembly and virtually eliminate all printing and warehousing of materials with O'Neil's **ONEkit** solution.

ONEkit allows you to create, personalize and order Kits in real-time – 24 hours a day, 7 days a week. ONEkit's customizable internet order management system provides rules-based document assembly enabling our clients to select kit contents from our document repository and add variable data, personalized letters, static files and other customized messages to each Kit.

ONEkit is the perfect solution to empower sales reps, customer service reps, brokers and agents to assemble kits for their prospects and customers.

### ONEkit Highlights:

- Browser-Based Order Entry System
- Customized Business Rules
- Review Kit Contents Prior to Placing Order
- Add Variable Content to Any Kit Component
- Virtual Warehouse
- Kits are Printed On Demand
- Order Tracking

### ONEkit is the ideal solution for:

- ◆ Healthcare Enrollment Kits
- ◆ Financial Investment Kits
- ◆ 401(k) Enrollment Kits
- ◆ Insurance Kits
- ◆ Sales Presentation Kits
- ◆ Training Kits
- ◆ Promotional Kits
